## Mississippi Department of Corrections

Dear Fellow Mississippians:

The Mississippi Department of Corrections (MDOC) is charged with the mission of protecting public safety while providing for the security, care, control and treatment of individuals convicted of felonies. In Mississippi, there are 39,892 individuals convicted of felonies that MDOC is responsible for overseeing.

MDOC's annual report details our accomplishments for 2001-2002 as well as provides a snapshot of the felony population in the state. There are a few accomplishments that I would like to highlight.

- The MDOC remains in compliance with the county jail portion of the Gates vs. Collier federal court order for the second straight reporting year. This is a significant achievement in that it represents MDOC's continued complete compliance with the two decades old federal court order.
- The MDOC has reduced its composite average annual inmate costs for the second straight reporting year. The current annual cost is \$13,908 compared to \$14,105 in FY 2001 and \$15,662 in FY 2000.
- The MDOC successfully achieved American Correctional Association (ACA) Accreditation for the South Mississippi Correctional Institution (SMCI). Significant progress was also made at the Central Mississippi Correctional Facility, Mississippi State Penitentiary, and all functions of the Community Corrections Division towards accreditation.
- The MDOC worked with the Mississippi Legislature to fund a new comprehensive offender management system for the agency without utilizing general funds.
- The MDOC implemented an effective Security Threat Group Management (gang management) program.
- The MDOC implemented an effective integrity investigation program of agency staff, offenders and offender family members to stop the introduction of illegal contraband and drugs being brought into the prison system.

The Mississippi Department of Corrections is proud to present to you the accomplishments of the agency from July 1, 2001, through June 30, 2002. We look forward to achieving greater success in the coming months as we strive to proactively work toward identification of solutions to provide long-term prison overcrowding relief, increase opportunities to provide rehabilitation, and reduce recidivism. It is our hope in achieving these goals that we will also be able to reduce the escalating fiscal burden on state revenues.

Sincerely,

  
Christopher B. Epps  
Commissioner

# INSTITUTIONS

## Quick Facts

The Mississippi Department of Corrections (MDOC) Division of Institutions has oversight over three state institutions, 11 county regional facilities, five private prisons, the classification and records division, treatment and programs division, and agricultural enterprises. The division is lead by Deputy Commissioner Christopher Epps.

The Central Mississippi Correctional Facility (CMCF) located in Rankin County, Miss., serves as the receiving and classification facility for all persons convicted of felonies. CMCF is the second oldest state facility, having opened in February 1986. CMCF serves as the only state institution to house female inmates. The institution's capacity on June 30, 2002, was 3,049. CMCF houses male inmates with special needs, to include male inmates who are disabled and require medical treatment in the Jackson area.

The Mississippi State Penitentiary (MSP) located in Parchman, Miss., serves as the maximum security facility and houses only males convicted of felonies. MSP is the oldest and largest state prison, occupying more than 17,000 acres. The institution's capacity on June 30, 2002, was 5,551. MSP operates the Agricultural Enterprises division, which planted and harvested more than 4,231 acres of vegetables, rice, wheat, soybeans and corn.

The South Mississippi Correctional Institution (SMCI) located in Leakesville, Miss., serves as a medium custody facility and houses only males convicted of felonies. SMCI is the newest state facility, having opened in 1989. SMCI occupies approximately 360 acres. The institution's capacity on June 30, 2002, was 2,214.

The MDOC has a contract with 11 county regional facilities to house a minimum of 200 state inmates daily. These 11 county regional facilities follow the policies and procedures established by the MDOC. They include:

- Bolivar County Correctional Facility
- Carroll-Montgomery County/Regional Correctional Facility
- Holmes-Humphreys County/Regional Correctional Facility
- Issaquena County Correctional Facility
- Jefferson-Franklin County/Regional Correctional Facility
- Kemper-Neshoba County/Regional Correctional Facility
- Leake County Correctional Facility
- Marion-Walthall County/Regional Correctional Facility

Winston-Choctaw County/Regional Correctional Facility  
Stone County Correctional Facility  
George-Greene County/Regional Correctional Facility

The MDOC has a contract with five private prisons to house up to 3,400 state inmates. They are:

Delta Correctional Facility in Greenwood, Miss., houses medium-custody male inmates.  
East Mississippi Correctional Facility in Meridian, Miss., houses special needs male inmates.  
Marshall County Correctional Facility in Holly Springs, Miss., houses medium-custody male inmates.  
Walnut Grove Correctional Facility in Walnut Grove, Miss., houses youthful offenders under the age of 20.  
Wilkinson County Correctional Facility in Woodville, Miss., houses male inmates under protective custody.

## Highlights

- The MDOC Division of Institutions had no major security threats or escapes at the three state institutions the entire year.
- The South Mississippi Correctional Institution (SMCI) in Leakesville, Miss., received American Correctional Association (ACA) Accreditation. This is the first state operated prison to receive accreditation for its entire facility. The Central Mississippi Correctional Facility in Pearl, Miss., and the Mississippi State Penitentiary in Parchman, Miss., accomplished candidate status and scheduled ACA audits for the first quarter of FY 2003.
- The MDOC Division of Institutions successfully integrated HIV positive inmates into treatment, education and vocational programs.
- The MDOC successfully enhanced institutional security by implementing an effective Security Threat Group Management program.
- Inmates assigned to the state's three institutions completed a total of 168,371 man-hours of public service work off institutional grounds. This equates to \$867,110.75 in free labor to communities located near the three institutions when calculated using minimum wage earnings of \$5.15 per hour.
- The MDOC received a \$2.8 million dollar Violent Offender Incarcerated Truth-in-Sentencing Grant used to enhance security at the agency's maximum-security facilities.
- Three new Wardens were appointed in the Division of Institutions. Earnest Lee was named Area I Warden and Ron King was named Area II Warden at the South Mississippi Correctional Institution. Jesse Streeter was named Warden of Unit 32 at the Mississippi State Penitentiary.
- Division of Institutions began transporting inmates to the newly opened George County Regional Correctional Facility in Lucedale, Miss., which opened May 10, 2002.

## IN MEMORIUM

The MDOC held agency-wide memorial services honoring five MDOC corrections professionals who gave their all for public safety. The five MDOC officers killed in the line of duty are:

- Chester Tullos, a traveling Sergeant with the Mississippi State Penitentiary and former Sheriff of Smith County, was shot on May 18, 1933, while transporting two inmates from Hattiesburg to the Mississippi State Penitentiary.
- Ammie Kendall, an Assistant Sergeant at old Camp 5 at the Mississippi State Penitentiary, was shot on March 13, 1963, in a melee with five inmates trying to escape from the prison.
- James Meeks, Sergeant for Camp 11 at the Mississippi State Penitentiary was shot on September 12, 1972, by an inmate who had entered his home and assaulted his wife.
- Argentra Cotton, Correctional Officer at the Mississippi State Penitentiary was stabbed on July 18, 1989, in a confrontation with a maximum-security inmate who escaped his cellblock.

Sidney Harrison, Correctional Officer at the Mississippi State Penitentiary was traveling to Oxford to testify in a court trial when the vehicle he and two others were in blew a tire and flipped several times down an embankment. Officer Harrison died as a result of the accident that occurred on May 18, 1995.

# **INSTITUTIONAL PROGRAMS**

## **Alcohol And Drug Treatment Programs**

**Mission Statement.** The Alcohol and Drug Program's mission is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitudes and behavior that support criminal thinking.

### **Mississippi State Penitentiary** **Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC)**

#### **Mississippi State Penitentiary – Unit 26**

THE ADTC-TC at Unit 26 totals 396 therapeutic community treatment beds. Adjacent to each housing building is clinical staff office space, group rooms and classrooms.

As of June 2000, the Alcohol and Drug Program at MSP was declared a long-term program only. Offenders must have at least seven months to thirty months remaining on their sentence to enter the program. The goal is to provide a continuum of care whereby treatment begins in the alcohol and drug therapeutic community to the Pre-Release Program, continues further if the offender is released to Intensive Supervision (House Arrest) with requirements to continue treatment in the community.

#### **Mississippi State Penitentiary – Unit 28**

This is a long-term A&D Treatment Program for special needs (HIV/AIDS) offenders who are within thirty (30) months, but not less than seven (7) months of their earliest release date. This is a newly developed program, which began operation as a therapeutic community in April 2002. Prior to April, it operated as a 12-week program.

#### **Mississippi State Penitentiary – Unit 31**

This is a traditional 12-week A&D program offered at Unit 31 for special needs (disabled) offenders.

### **Central Mississippi Correctional Facility**

This is a 12-week traditional alcohol and drug treatment program in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term (6 months to 12 months) residential Substance Abuse Treatment Program (RSAT) is also available at CMCF for female offenders. In addition, a twelve-week treatment program is also available at CMCF for special needs (disabled) offenders.

### **South Mississippi Correctional Institution**

A traditional alcohol and drug treatment program was started in June 2000 at the South Mississippi Correctional Institution (SMCI) in Leakesville, Mississippi, for general population offenders. This

program is 12 weeks in duration. It was started primarily for judicial review cases who do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF) in Pearl, Mississippi, the point of entry for inmates into the Mississippi prison system. This program also serves parole and ISP offenders. In addition, SMCI provides an alcohol and drug component in the Regimented Inmate Discipline (RID) program.

### **Community Pre-Release Centers**

The Residential Substance Abuse Treatment (RSAT) program is operated in the Flowood, Pike and Quitman County Community pre-release centers for offenders who are within six months to one year of release or expiration of their sentence. The offenders provide work in the community during the day and attend alcohol and drug classes in the evening.

### **Flowood CWC**

A twelve week A&D program is offered at the Flowood Community Work Center for female offenders who are expiring their sentence, paroling or are released on ISP.

### **Community Work Centers**

Alcohol and Drug Alcoholics Anonymous program are offered in 14 community work centers. The procedures under which the alcohol and drug program operates in the community work centers has been reviewed and overhauled during FY 2002. This should provide a method of operation which is consistent throughout the CWC facilities and which is in conformity with the other treatment programs offered by the A&D department.

In addition, alcohol and drug programs are offered at the private prisons and the regional facilities.

# AGRICULTURAL ENTERPRISES

## Overview

One mission of the farm program is to decrease inmate idleness. During FY 2002 inmates worked 703,672 hours in the agriculture program.

For the crop year 2002 Agricultural Enterprises planted approximately 1,438 acres of vegetables, 228 acres of rice, 1,517 acres of wheat, and 1,198 acres of corn.

The poultry facility is in full production with a 36,000-layer capacity. A total of 510,840 dozen eggs were delivered to food services with a non-cash value of \$290,405.10 in FY 2002.

The swine operation weaned 1,285 litters averaging 8.70 pigs per litter with 11,174 pigs weaned. The farrowing equated to an average of 2.02 litters/sow annually. Feeder hogs marketed totaled 9,588 for \$933,406.99. Mississippi Prison Agricultural Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. Eleven hundred finishers and 98 cull sows have been processed with a total weight of 147,306.99 that was donated to MDOC food service with a value of \$119,988.95. The breeding herd received 268 raised gilts into the herd. The current inventory for breeding, farrowing, nursery, and finishing is 5,088.

The inventory of commodities carried over from FY 2001 had a value of \$103,388.76. This figure includes the value of seed, fertilizer, and chemicals not expended during FY 2002.

In FY 2002 Agricultural Enterprises began with a special fund balance of \$1,526,220 after FY 2001 expenditures. During FY 2002 revenue totaled \$3,880,815. This includes in revenue \$1,892,226 transferred from the Inmate Welfare Fund (IWF) for refunds on inmate telephone usage. Expenses total \$3,870,838. Revenue and expenses are based on the June 30, 2002, Statewide Automated Accounting System (SAAS) FY 2002 reports.

Non-cash sales for FY 2002 vegetables, egg sales and pork processed are \$1,658,426. The total pounds of vegetable non-cash sales for FY 2002 are 3,575,418. Egg sales consisted of 510,840 dozen.

Vegetable value is based on the USDA Atlanta Marketing Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold egg and vegetables to some private correctional institutions and regional facilities to generate cash dollars of \$57,453.74

On June 30, 2002, the Agricultural Enterprises Special Fund had a balance of \$1,536,196. Cash income received for Agricultural Enterprises including deposits in transit totaled \$3,880,815.

MPAE completed constructions of the feed mill during the FY 2002 year. Poultry feed was produced in April 2002. The three 42,000 bushels grain bins will be used for on-farm storage of corn grown by MPAE that will be utilized by the feed mill. This will be a cost-saving on outside storage fees and trucking fees. The total cost of the facility is \$864,394.81. MPAE anticipates saving \$100,000 per year in feed cost.

The work staff includes 17 positions. At the present time 17 positions are filled and MPAE has five (5) contract employees.

# COMMUNITY CORRECTIONS

## Programs

The Division of Community Corrections is charged with the supervision of offenders that are still under the jurisdiction of the state but are not currently incarcerated. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community. This Division is lead by Acting Deputy Commissioner Lora Cole.

### Field Services

The Field Services component of the Division of Community Corrections is responsible for the supervision of offenders released on parole, earned release supervision (ERS), and sentenced by the court to probation.

### F.R.E.E. (Facing Reality Educationally and Emotionally)

The MDOC Community Corrections division has eight F.R.E.E. treatment coordinators located statewide that assist field officers in monitoring offender's treatment needs for substance abuse. In addition, treatment coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

### Interstate Compact

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

### Pre-Trial Diversion

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

### Intensive Supervision Program

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in an MDOC facility upon violation of the program.

## Drug Urinalysis Labs

Community Corrections field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

## Restitution Centers

There are four restitution centers in Mississippi that assist offenders in obtaining employment as a condition of their probationary sentence. Money earned by offenders is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the offender's wages, after taxes, goes to the offender's family or to the offender's holding account. Upon completion of the program, residents are transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

## Community Work Centers

The MDOC Community Corrections Division oversees 17 community work centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each community work center houses approximately 75 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair; vehicle maintenance; and water, sewer, and sanitation details.

## Inmate Labor

The offenders that serve their sentences in community work centers and restitution centers provide free labor to municipalities, counties and other state agencies. A sample of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2001, the offenders in the community work centers provided entities with 2,447,847 total inmate hours, valued at minimum wage to equal \$12,606,412 in free labor. For the same 12 months the residents in the restitution centers provided entities with 36,023 total inmate hours, valued at minimum wage to equal \$185,518 in free labor.

## Quick Facts

The 2002 fiscal year was one of positive change for the MDOC Community Corrections Division where an emphasis was placed on professionalism and improved utilization of staff and resources. There were several offices throughout the state that expanded with increased caseloads and corresponding staff. There were new Intensive Supervision Program (ISP) officers hired to accommodate the growing ISP population as the courts took advantage of alternatives to incarceration. A wide variety of deserving Community Corrections' staff received recognition for both dedicated service and tenure through MDOC's Employee Service Award Program.

- The MDOC Division of Community Services was renamed to Community Corrections by 2002 legislation, bringing this division's title in line with the vast majority of other states' corresponding Community Corrections Division.
- The Community Corrections Division was reorganized effective November 1, 2001, from four (4) regions to three (3) regions. More cost-effective delivery of services and consistency in operations resulted from this reorganization.
- Region II Community Corrections Director Brenda Blanks served as President of the Southern States Correctional Association.
- American Correctional Association (ACA) contracts were entered and associated fees paid in full for all aspects of the Community Corrections Division.
- Overall improvements were made in staff knowledge and emphasis on accountability, as well as residential facilities' maintenance and sanitation standards, via efforts towards ACA accreditation.
- Specialized field officer training was expanded to include a 40 hour inter-personal communications course (IPC).
- An emergency plan manual, a volunteer handbook, as well as Policies, Standard Operating Procedures, and Post Orders, were updated and/or implemented.
- The booklet, *Alternatives to Incarceration*, was published and distributed to district attorneys, judges, legislators and field staff outlining sentencing options.
- Photographs of parolees were uploaded into the computer system for public access and information.
- A standardized color-coded file system was implemented for Field Services, as well as an expansion of case assignments by specialized caseloads.
- The installation of computers in field offices statewide resulted in curtailment of phone costs and improved operational efficiency.
